GOLD COINS OF THE WORLD

To our clients: Welcome to our new September world gold price list--this list contains all of our new purchases from the ANA convention in Chicago as well as recent auction purchases, etc--along with selections from our regular inventory--many of which have been reduced in price to move them from our inventory in order to make room for all of our new purchases--I beleive it was Joe Flynn, a well-known US coin dealer who used to run in his ads "We aren't running a museum here!" so we have tried to price all material in this list to make them attractive for you to add to your collections! References used in this list are: KM for the Krause-Mishler Standard Catalog and FR for the Friedberg gold book. Sit back--relax and look thru our new list and please get in touch with us via phone, fax or letter if we can be of service to you!

GOLD COINS OF THE WORLD

To our clients: Welcome to our December 1991 world gold price list--it contains all of our new purchases since our Sept. list--including nice quality specimens from several European auctions, our purchases at the Long Beach show as well as material from our normal inventory--as usual, coins unsold from our Sept. list have been reduced in price! In keeping with our policy of not being "museum curators", we will continue to reduce prices on older inventory until it sells! Our Sept. list was a great success with almost 50% of the coins listed being sold! Thanks to all of our customers for their patronage during 1991! HAPPY HOLIDAYS TO ALL!!
